

The Industrial Duty

SUPERLIFT

A Gearless Boatlift

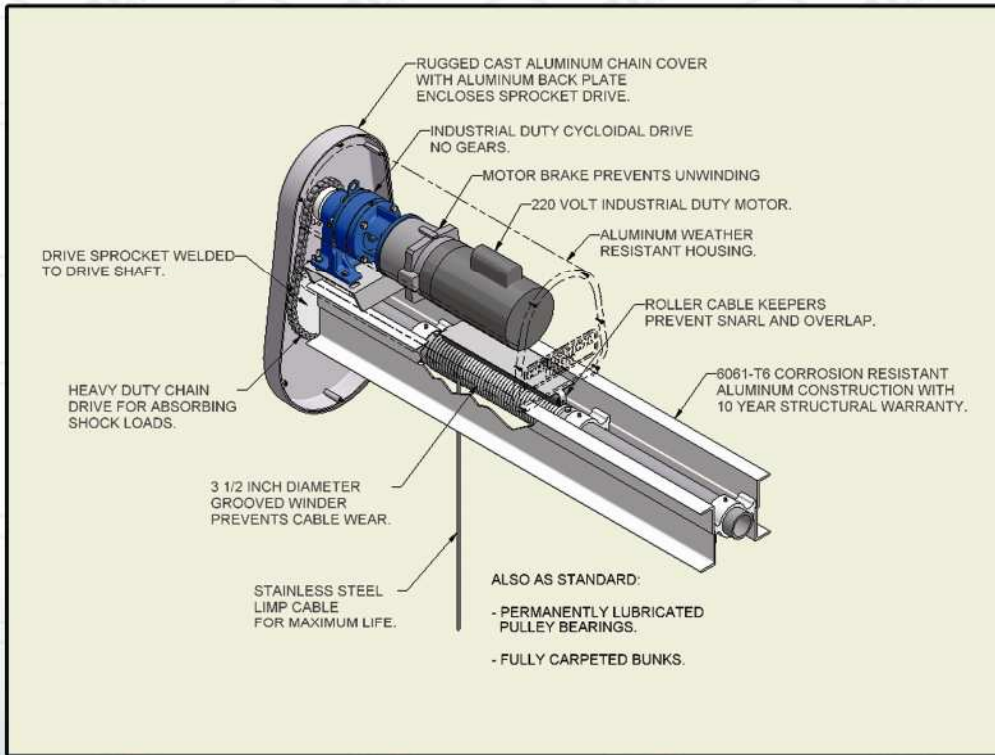

Superlift was developed for repetitious use in marina applications where durability, reliability, and long life are essential. We have found, however, that many homeowners like the assurance of upgrading to the finest boatlift available.

- High-speed lifting reduces your stand-around time waiting time.
- Gearless cycloidal drives insure high efficiency and long life.
- Limp cable on large grooved winders dramatically extends cable life.
- Rugged chain drive to winder shaft provides maximum safety and reliability.
- Aluminum construction resists corrosion.
